Property

Approximately 308.32 acres (124.77 ha) of steep upland grazing land within a U-shaped block, which is bounded by dry-stone walls. Foxup benefits from being in an area already abundant with wildlife and flora and fauna, notably Golden Plover.

Location

The Land at Foxup Moor is situated on a quiet no-through valley in the south of the Yorkshire Dales National Park. The land is accessed via a minor road between High Foxup to Holme Farm, Halton Gill. It is approximately 9 miles north of the popular town of Settle.

Land

Comprising rough grazing, the land rises from 310m to 680m above sea level and is cited under Soilscape 19 as slowly permeable, wet, very acidic upland soils with a peaty surface, and Soilscape 25 as blanket bog peat soils. The land is classified as Grade 5 under the Agricultural Land Classification.

The land provides great opportunity to be put to via a wide range of opportunities such as increasing biodiversity, peatland restoration, forestry or conservation farming some of which could unlock future carbon credits for trading.

Basic Payment Scheme

There are no entitlements with the land.

The Purchaser will be required to covenant that they will keep the land in Good Agricultural and Environmental Condition until 15 May 2024.

Environmental Schemes

The land currently forms part of an Entry Level plus Higher Level Stewardship agreement. the Purchaser will be required to continue with this agreement until 2028. Full details are available from Carter Jonas upon request.
