Foreword

Welcome to Hill Barn Farm for this important sale of modern arable farm machinery and workshop equipment. The sale arises due to the decision by Andrew Brown to retire from farming after many years here at Hill Barn Farm and being a respected tenant of the Crown Estate. All the machinery on offer is that which would be associated with a 650-acre arable unit together with a large collection of workshop tools, equipment, and spares. The machines have been well maintained and operated with thought and respect and have been upgraded on a regular basis, attendance can be recommended by the auctioneers for those clients looking for quality modern machinery. Auctioneers Cooper & Tanner are pleased to be conducting the sale in conjunction with Carter Jonas on this occasion.

A number of smaller lots including a large range of Workshop Equipment, Gates, Timber, Troughs etc will be sold first commencing at 10.30am.
