Foreword

Welcome to Waglands Farm, Brunton for this extremely important dispersal of farm machinery conducted on behalf of Hosier Bros Ltd. Cooper and Tanner are pleased to be conducting the sale in conjunction with Carter Jonas, long-time agents to the family.

The sale arises from the death of Mr Neil Hosier and a change in farming policy. The farm has been run commercially and very successfully as a large dairy and arable unit by the Hosier family under the guidance of long-term farm manager (43 years) Mr John Couling who is now retiring. The arable part of the business is now being moved over to join the dairy unit on a contract farming arrangement with local farmers and therefore there is no longer any requirement for the machinery.

The machinery on offer is outstanding! It has been operated, maintained, and looked after with the upmost care and attention and to the high standard which was expected by Neil Hosier. Many of the machines are of a very high specification, have low hours, and are in immaculate condition, the majority having been owned from new. Machinery is purchased outright and there are no finance arrangements.

This sale offers a rare opportunity to potential purchasers to acquire genuine top quality well-maintained large modern machinery, and as the waiting time for brand new machines continues to grow this genuine dispersal is a must for those wanting first class very clean machinery. It is undoubtedly one of the highlights of the 2022 sale calendar.

A number of smaller lots including Gates, Timber, Troughs etc will be sold first in the field, commencing at 10.30am. There are also a number of lots included by kind permission viz Round Bale Spike/Squeeze, Tanco 175 Multi Shear Grab (2014), 8 New Tedder/Rake Tyres with Rims & Bearings which will not be online.

The following lots will then be sold in the order below as from approx 11.30am. Online bidding will be available alongside bidding in the sale field. Online Catalogue available at www.i-bidder.com with photographs of each lot.
