## DESCRIPTION

A substantial and highly versatile village home, extending to over 3,400 sq ft, set in a peaceful position on the edge of this sought-after village near Marlborough and enjoying delightful rural surroundings.

Approached via a generous gravel driveway, the house presents an attractive brick façade with dormer windows and a welcoming, courtyard-style frontage. The accommodation is both spacious and flexible, offering an ideal layout for family living, entertaining, or multi-generational occupancy.

At the heart of the home is an impressive vaulted sitting room, featuring exposed timber beams and a striking fireplace, creating a wonderful sense of space and character. This flows naturally through to a large dining room, perfectly positioned for entertaining, and on into a bright and airy garden room with a glazed roof and multiple doors opening onto the garden, flooding the space with natural light.

The kitchen is well-proportioned and centred around the AGA with a good range of fitted units. It is conveniently located next to the utility room, providing practical day-to-day functionality. Additional ground floor accommodation includes the lower entrance hall and handy boot room.

The bedroom accommodation is highly flexible, with the principal bedroom positioned to the rear of the house, enjoying views over the garden and benefiting from an ensuite bathroom. Two further bedrooms (both ensuite) are located off the main entrance hall.

The first floor is currently arranged as a self-contained one-bedroom apartment, complete with its own private access and a patio garden. This space is ideal for guest accommodation, multigenerational living, or potential rental income, and could be readily reconfigured to reintegrate with the main house as two additional bedrooms if required.

## OUTSIDE

The property is approached via a shared gravel driveway, providing parking for several vehicles, with an additional garage and further parking space located to the side of the house.

The south-facing garden is a particular feature, enjoying a high degree of privacy and backing directly onto open fields. A terrace, accessed from the garden room, offers an ideal space for outdoor dining and entertaining. The garden itself is well-established, with mature flower beds planted with a variety of shrubs and perennials, creating a charming setting. To the rear, an area currently used for a chicken coop could easily be reinstated to lawn, further enhancing the overall garden space.
